

FRUITLAND

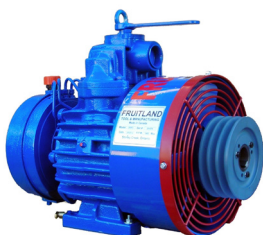

Fan Cooled Vacuum Pumps

Our rotary vane vacuum pumps require minimal maintenance, use minimal oil, and provide years of reliable service. Our pumps are designed to tackle the toughest liquid waste applications.

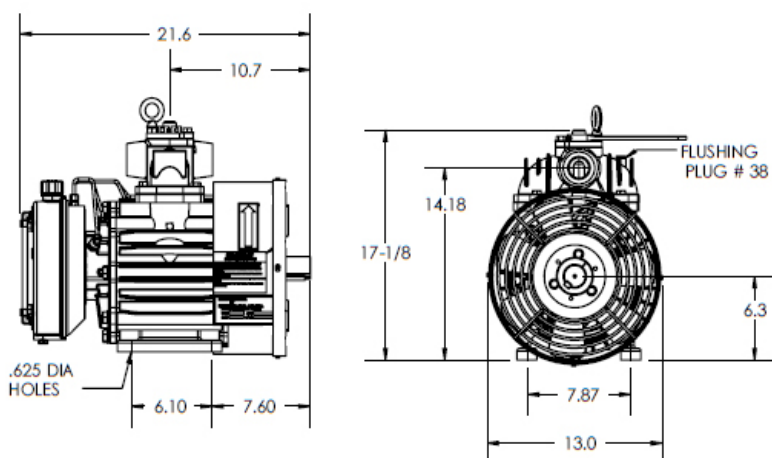

Join us in our journey to design, build, shape and create a **Future Together.**

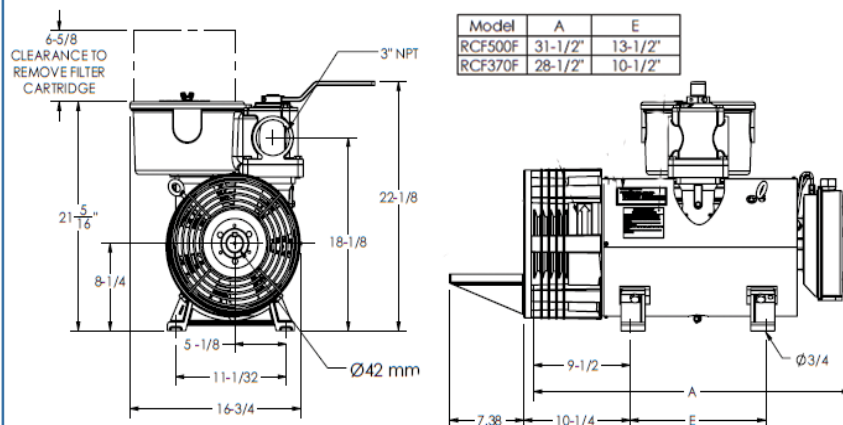

RCF 250

Free Air Flow	166 CFM
Vacuum	26.5" Hg
Vanes	4 (Kevlar)
Pump Weight	255 lbs
Connection Sizes	2"
Operating Speed	1400 RPM

RCF 370

Free Air Flow	272 CFM
Vacuum	28.5" Hg
Vanes	8 (Kevlar)
Pump Weight	385 lbs
Connection Sizes	3"
Operating Speed	1400 RPM

Main Features:

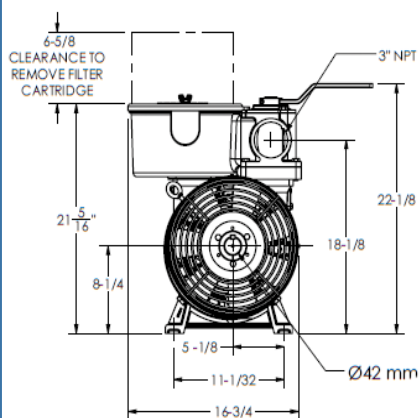

- Integral automated lubrication system
- Low oil consumption
- Optional air intake filter
- Belt, direct, hydraulic or angle drives

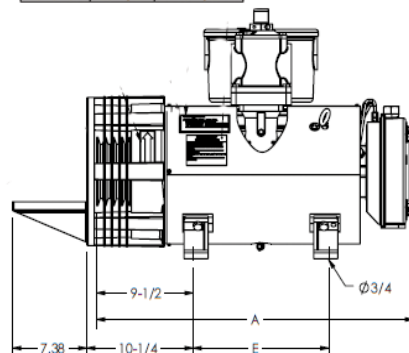

RCF 500

Free Air Flow	338 CFM
Vacuum	28.5" Hg
Vanes	8(Kevlar)
Pump Weight	450 lbs
Connection Sizes	3"
Operating Speed	1400 RPM

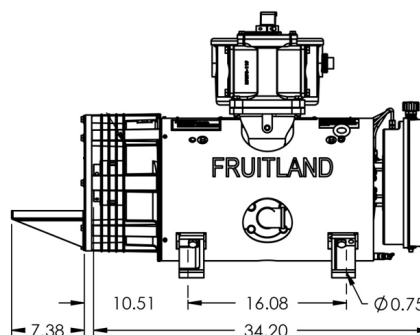

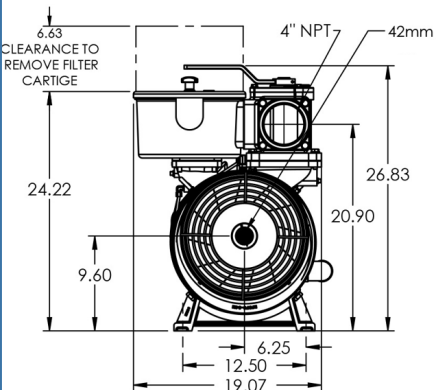

Model	A	E
RCF500F	31-1/2"	13-1/2"
RCF370F	28-1/2"	10-1/2"

RCF 870

Free Air Flow	512 CFM
Vacuum	28.5" Hg
Vanes	8(Kevlar)
Pump Weight	575 lbs
Connection Sizes	4"
Operating Speed	1400 RPM

Main Features:

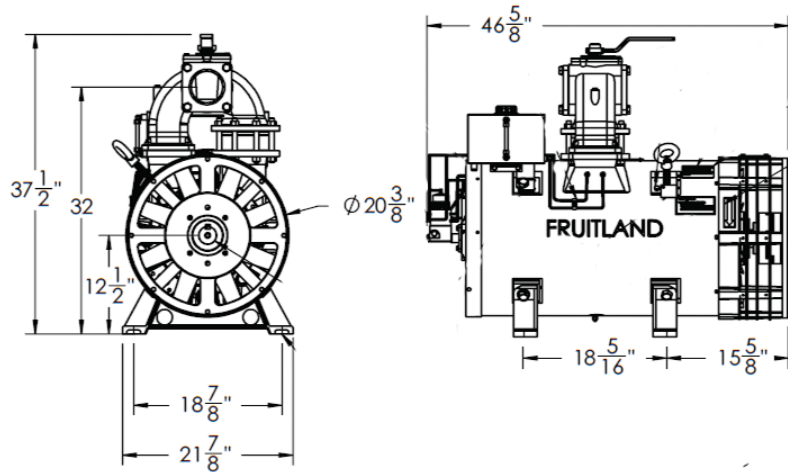

- Vane wear check ports
- Top or side mount 4-ways valves available
- Air injection (on specific models)
- lifetime warranty on skeletal components
- Components and technical support

RCF 1200

Free Air Flow	715 CFM
Vacuum	28.5" Hg
Vanes	8(Kevlar)
Pump Weight	1400 lbs
Connection Sizes	4"
Operating Speed	1200 RPM
